Christmas To Remember

Some youth won't have a present under the Christmas tree this year. In fact, some won't even have a tree. You can change this grim reality and make it a Christmas to Remember for hundreds of children in our local community. It isn't just about the toys that will be unwrapped, and it's not just about warm coats that will be received.... it's about coming together as one community to love our most valuable assets – the children.
